Media technology  
perfectly integrated

**Konnect** *design click* Media technology perfectly integrated

- Modern and attractive design
- No visible screws on the front plate, for a visually perfect integration
- Front plate of white plastic (RAL 9010)
- Wide range of data and communication interfaces for many applications
- High flexibility due to an individual combination of half-size plates, to be configured according to customer's wishes
- Simplified mounting
- Compatible with the latest socket systems of all manufacturers

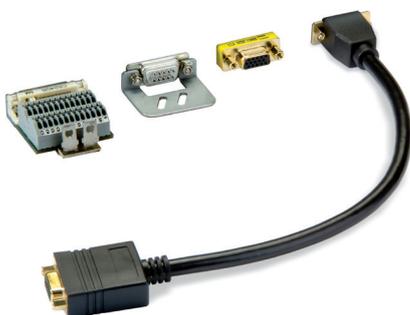

Front plates in three sizes are included in the package

Suitable for socket systems with inner dimensions of 50 x 50 mm, 54 x 54 mm and 55 x 55 mm.

Metal holder

with communication interfaces, no extra mounting frame needed

Available with

- soldering connection
- cable and plug connection, f/f, cable length ca. 20 cm
- gender changer
- clamp connection

## Konnect design click

### Installation click plate

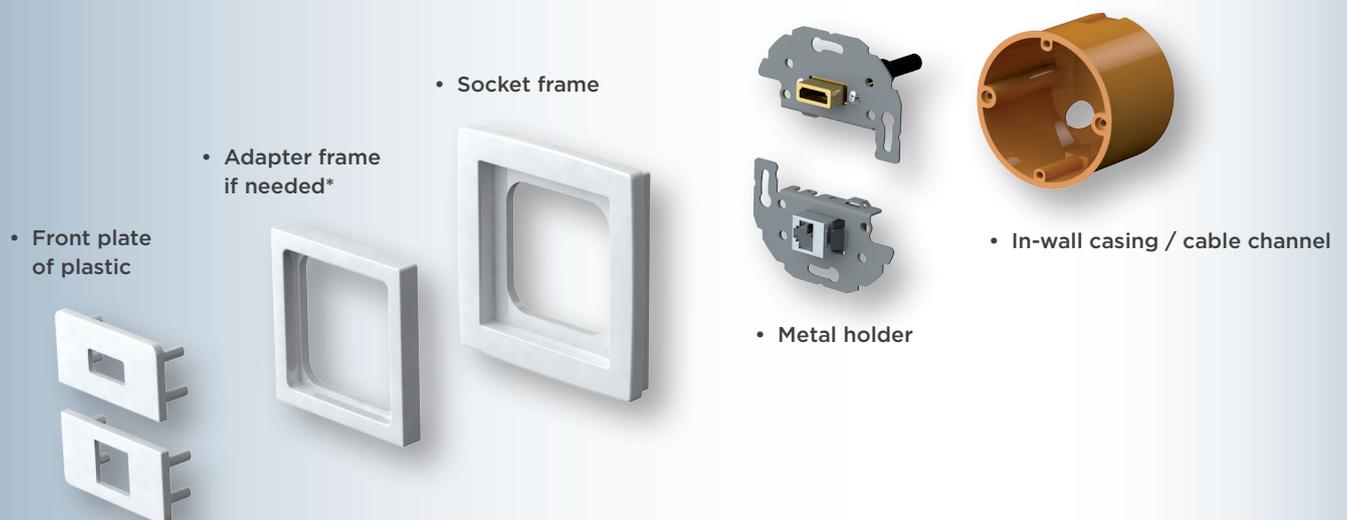

**NEW**

- easy and quick mounting
- within seconds
- without any tools

### Put together

## Konnect design click Installation example of a socket cover

\* Offered by suppliers of socket frames as accessory

**Kconnect design click** Compatible with socket systems from well-known European manufacturers (other versions on demand)

### Berker

50 x 50 mm	S1, B1, B3, B7 glass, module 2, arsys, K.1/K.5, 21
55 x 55 mm	S1, B1, B3, B7 glass

### Hager/Tehalit

50 x 50 mm	Kallysto pur, kallysto stil, kallysto art
------------	---

### Busch-Jaeger

50 x 50 mm	Reflex SI (linear), duro 2000 Si (linear), solo, future (linear), carat, alpha exclusive, alpha nea, impuls, busch-axent pure stainless steel
54 x 54 mm	Reflex SI (linear), duro 2000 Si (linear)

### Kopp

50 x 50 mm	Paris, object HK05
55 x 55 mm	Milano

### Els0

55 x 55 mm	Riva, scala, fashion (only in combination with ELSO adapter frame 55 x 55), joy
------------	---

### Legrand-BTicino

50 x 50 mm	Creo, Galea Life
------------	------------------

### Gira

50 x 50 mm	Event, E2, esprit, standard 55, stainless steel, aluminium, s-color, surface, s-classic, E22, classix (with gira adapter frame)
55 x 55 mm	Event, E2, E22 white, esprit, standard 55

### Merten

50 x 50 mm	Atelier, m-arc, m-plan, m-plan II, m-smart, M1, m-Star, artec, antik, octocolor, system basic, system surface, system m, transcant
55 x 55 mm	Atelier, m-arc, m-plan, m-smart, m-star, 1-M

### Peha

50 x 50 mm	Standard, dialog, nova, aura
------------	------------------------------

### Presto-Vedder

50 x 50 mm	Regina, alessa, alessa plus, fiorena
------------	--------------------------------------

### Jung

50 x 50 mm	A 500, AS 500, AS universal, A plus, A creation, CD 500, ST 550, CD universal, CD plus, LS plus, LS 990, stainless steel, aluminium, anthracite, chrome, gold, FD design, LS design
55 x 55 mm	A 500, AS 500, AS universal, A plus, A creation, LS design, gold, LS plus*, LS 990*, stainless steel*, aluminium*, anthracite*, chrome*; (*with additional adapter frame)

### Siemens

50 x 50 mm	Delta i system, delta vita, delta miro, delta profil, delta style, delta ambiente
55 x 55 mm	Delta i system, delta vita, delta miro, delta profil, delta style, delta ambiente each only in combination with siemens adapter frame 55 x 55 mm

## Konnect

### Konnect family – our connection solutions

In addition to the Konnect design click range we offer a number of high-quality modules for various applications. They are available in different design and materials. Thus you can perfectly integrate MultiMedia interfaces in many standard programmes of socket covers, floor boxes, desktops and 19" rack patch panels.

CablePort desk, frame, standard <sup>2</sup> , manager, flex				✓
Floor box kits	✓			
19" rack patch panels	✓			

### Floor boxes

Module holders for floor boxes  
Integration in the floor, flexible connections

### 19" rack patch panels

Module holders for 19" rack patch panels  
Perfect integration of MultiMedia interfaces

## CablePort desktop solutions

### CablePort desk

The flexible solution for varying locations

### CablePort table

All connections for the mobile use

### CablePort frame

For low-cost installation

### CablePort basic

The basic model

### CablePort standard<sup>2</sup>

The classic model in a new design

### CablePort turn

The comfortable solution, rotatable

### CablePort flex

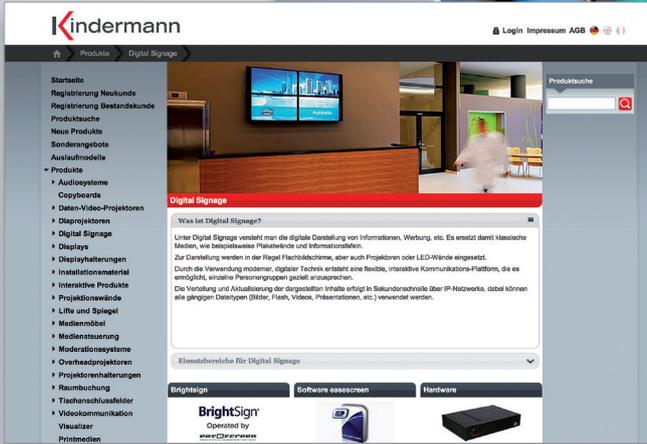

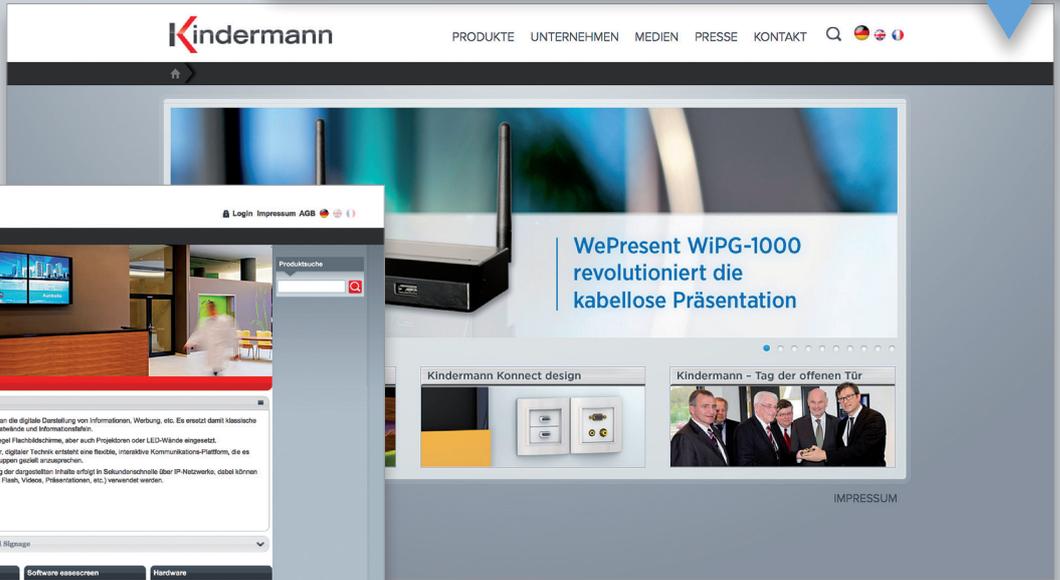

The high-value model for individual desktops

### CablePort manager

Perfect for group work
